University

ADMISSIONS

Texas 2004

Shae's practice includes various civil litigation issues, with a focus on the defense of health care liability claims, including claims regarding alleged physician malpractice, nursing negligence and negligence against allied health care professionals. Shae also has experience representing health care institutions, physicians, nurses and other health care providers in disciplinary actions before their respective licensing boards. Shae's practice also includes defending products liability, premises liability and toxic tort cases involving personal injury and wrongful death. Shae serves as an adjunct professor at the University of Houston Clear Lake where she teaches "Legal Dimensions of Healthcare Administration."

REPRESENTATIVE EXPERIENCE

- Defense verdict in jury trial representing physical pain and rehabilitation doctor accused of prescribing Xanax for treatment of anxiety without giving the patient a warning not to drive, allegedly resulting in a single car accident of the patient after taking the Xanax in which she sustained serious injuries
- Defense verdict in jury trial representing a urologist accused of negligence in handling post vasectomy complications, allegedly resulting in serious damages to plaintiff
- Directed verdict in bench trial defending a property owner in a zoning dispute
- Defense verdict in jury trial representing anesthesiologist accused of administering excessive amounts of blood pressure medication to patient during surgery to repair cheekbone fracture, resulting in cardiopulmonary arrest, brain damage and eventual death of 34-year-old female patient
