Recent Updates to Our Oil and Gas Toolkit

Posted on **October 27, 2011** by Paul M. Bohannon

We have recently updated our Ecozone Oil and Gas Toolkit with several helpful documents.

- Hydraulic Fracturing: Unlocking America's Natural Gas Resources A Primer (EPA 2010)
- Hydraulic Fracturing Study Fact Sheet (EPA 2010)
- Regulatory Determination, 1988
- EPA Report to Congress, 1987, Volume 1
 - Part A
 - Part B
 - Part C
 - Part D
- EPA Report to Congress, 1987, Volume 3
- EPA Formally Requests Information From Companies About Chemicals Used in Natural Gas Extraction / Information on hydraulic fracturing chemicals is key to agency study of potential impacts on drinking water
