

## Straight Talk Appearances

### WINDPOWER 2010

Dallas (Dallas Convention Center)

Date: May 23-26, 2010

Andrews Kurth is a Kilo Watt sponsor of the American Wind Energy Association's Annual WINDPOWER 2010 Conference and Exhibition. WINDPOWER is the premier wind energy event in North America, which last year hosted over 23,000 attendees and nearly 1,300 exhibitors. With similar numbers expected in Dallas, WINDPOWER will showcase opportunities for new players to enter the wind market and bring wind leaders together to address America's economic, energy and climate challenges.
