Texas 1995  
US District Court for the  
Southern District of  
Texas

Ebon's practice focuses on providing risk management advice to health care providers and defending health care liability claims, including claims regarding alleged physician malpractice, hospital and nursing negligence, and negligence against allied health care professionals. She advises clients on various aspects of risk management and claims handling regarding professional liability claims made against health care organizations, various issues relating to records confidentiality, various matters relating to the privileged nature of various documents and information, and preventative risk management for health care organizations. Her practice also includes defense of litigation matters involving employment disputes, products liability and general negligence claims.
