BIOGRAPHY

Andrew focuses his practice on patent litigation before federal courts and the International Trade Commission and patent prosecution and post-grant proceedings before the U.S. Patent and Trademark Office. He has experience with a wide range of technologies in the automotive, electrical, and pharmaceutical arts, including automotive electronics, hybrid vehicle control strategies, immunosuppressant drugs, injection molding, LCD and LED displays and lighting, medical devices, non-imaging optics, pharmaceutical polymorphism, semiconductor structure and fabrication, software, vehicle suspension systems, and video analytics and image processing. His work also includes client counseling concerning a variety of intellectual property issues.

Prior to joining Andrews Kurth Kenyon, Andrew worked as a patent agent at an intellectual property law firm, prosecuting patent applications on behalf of domestic and foreign applicants, and as an operations research analyst for a defense contractor, focusing on cost estimation and risk analysis.

In addition to his practice at Andrews Kurth Kenyon, Andrew is involved in the American Intellectual Property Law Association and he serves as a board member of the George Mason University School of Law Alumni Association.
