Our North Carolina office is located in the heart of Durham's world-renowned Research Triangle Park (RTP), where we are situated among more than 170 global businesses and three major universities engaging in leading-edge research and innovation. The firm's direct proximity to this unparalleled level of premier research, development and business, perfectly positions us to help clients foster and protect myriad opportunities for innovation, economic development, corporate growth, sustainability, and valuable partnerships and ventures.

The RTP office has a seasoned intellectual property practice dedicated to ensuring our clients' IP assets, business brands and global presence are consistently, strategically and effectively managed, protected and enforced. We offer the full spectrum of IP related representations—from portfolio management, licensing and technology transactions to prosecution, enforcement and litigation. We place a premium on providing our clients with customized solutions to their legal needs delivered with unparalleled customer service. Our RTP office is backed by the full resources of the firm. We employ a multi-disciplinary approach to business and intellectual property representation which draws on our firm's extensive experience, knowledge and reputation in corporate, finance, international and emerging company representation.
